

Julian (Dubka Remix)

Say Lou Lou

I'll meet you in the city
I'll pick you up at night
I'll drive you trough the suburbs
I'll get you there in time
I'll meet you in the city
I'll stay clear of the light
I'll get us through the check points
Yeah I know we'll be alright Oh Julian
Once we get across the border
Oh Julian
I'll mend your heart
Oh Julian
Once we get across the border
Oh Julian
I'll mend your heart And maybe we are sinners
But lovin' ain't no crime
I'll get you through the check points
I'll drive us through the night
You know i'll keep your secret
I've locked it up inside
As long as we are moving
Yeah I know it'll be alright
Yeah I know it'll be alright Oh Julian
Once we get across the border
Oh Julian
I'll mend your heart
Oh Julian
Once we get across the border
Oh Julian
I'll mend your heart
