

When Love Finds U (feat. Jussie Smollett)

Empire Cast

Might as well been a skeleton

Ain't have no life within me

My heart needed some medicine, couldn't find the right remedies

Sinking into the quicksand

Tryna hide the way I feel.

Written over in my heart again, until I knew it was real
Then like the wind it came and bring life back, and took
my heart again it gave my life no meaning.

Almost like a fairytale, feels too good to be true, then it strikes as nothing you can't do.
You can run but can't
hide and tell you no lie when love finds you.

You can try to play it off and be cool, but trust you can't lose when love finds you.

Just come here and don't you fight it (when love finds you, when love finds you) finds you
Finally feel like I can
breath again,

give me all the life I need, more then love you're my best friend.

Glad I found someone who understands me.

Before I say it you read my mind,

my better half you make me feel complete,

you got all the ingredients, for loves recipe
Then like the wind it came and bring life back, and took my heart
again it gave my life no meaning.

Almost like a fairytale, feels too good to be true, then it strikes as nothing you can't do.
You can run but can't
hide and tell you no lie when love finds you.

You can try to play it off and be cool, but trust you can't lose when love finds you.

Just come here and don't you fight it (when love finds you, when love finds you) finds you
Looking for love
I wasn't looking, I wasn't looking for love.

I wasn't looking, really wasn't looking for love

I wasn't looking, really wasn't looking for love, for love, for love, ohh yea.
You can run but can't hide and tell
you no lie when love finds you.

You can try to play it off and be cool, but trust you can't lose when love finds you.

Just come here and don't you fight it (when love finds you, when love finds you) finds you
