

Lazy Eye

Silversun Pickups

I've been waiting
i've been waiting for this moment all my life
but it's not quite right
in this 'real'
it's impossible if possible
at who's blind word
so clear but so unheard
i've been waiting
i've been waiting for the silence all night long
it's just a matter of time
to appear sad
with the same 'ol decent lazy eye
fixed to rest on you
im afraid is so untrue

everyone's so intimately rearranged
everyone so focused clearly with sunshine
everyone's so intimately rearranged
everyone so focused clearly with sunshine
locked and loaded
still the same 'ol decent lazy eye
straight through your gaze
that's why i said I relate
i said we relate
it's so fun to relate
it's the room the sun and the sky
it's the room the sun and the sky
i've been waiting
i've been waiting for this moment...
