

Nom De Plume

Electric Six

My baby's got a Nom de Plume,
she goes Ahhh...
I met her in a sealed tomb,
she goes Ahhh...
Ahhh...
Yeah, baby that's the sound
of the pharaohs letting loose
Take my hand, we'll go online tonight
I'm a two-hearted man, and you get to be the woman tonight
And we'll get it right
Yeah, shake it up
cause I like it fizzy
Your mother was half Irish Catholic
and half Ukrainian Jew
The spirit of darkness lives inside you
and it's Ukrainian too
Ahhh...
That's why my baby's got a Nom de Plume
Ahhh...
Ahhh...
Get so mad, we're going mall-gazing tonight
I got holes in my hands, and I could tell you some stories tonight
Over Turkish delight
Take my hand, we'll go online tonight
I'm a two-hearted man, and you get to be the woman tonight
And we'll get it right
