

Tomorrow & Tonight

Atomic Kitten

I saw you with the girlfriend, baby
I saw you underneath the light
I wanted just to talk now, baby
You seem to think I wanna fight
Stop playin' with my head and baby
I'll get a chance to make this right
I need a little sunshine, baby
I need a little hope in life
Baby, don't you hear me when I say, goodbye
Baby, won't you listen 'cos you make me cry
Please baby, please baby, let me go
I don't deserve to suffer so
So I'm trying to believe you this time
I'm trying but it don't seem fair
One minute it's the right stuff honey
Next seconds like I'm just not there
Baby, don't you hear me when I say, goodbye
Baby, won't you listen 'cos you make me cry
Please baby, please baby, let me go
I don't deserve to suffer so
Because tonight I know you're gonna beg to stay
But tomorrow you will simply walk away
And tonight I know exactly what you'll do
But come tomorrow I will still be just your fool
I see you as the future baby
You see me as a one-night stand
But I'm sick of being part-time, baby
You've gotta be a full time man
Baby, don't you hear me when I say, goodbye
Baby, won't you listen 'cos you make me cry
Please baby, please baby, let me go
I don't deserve to suffer so
Because tonight I know you're gonna beg to stay
But tomorrow you will simply walk away
And tonight I know exactly what you'll do
But come tomorrow I will still be just your fool
Baby, when will you see that you're gonna be mine
I've waited for you honey
You will always come back, it's just a matter of time

You know you'll never leave me
Baby, I don't wanna be a fool
Can't you see boy I'm in love with you
Tell me what's a girl supposed to do?
I only want your love
Because tonight I know you're gonna beg to stay
But tomorrow you will simply walk away
And tonight I know exactly what you'll do
But come tomorrow I will still be just your fool
Because tonight I know you're gonna beg to stay
But tomorrow you will simply walk away
And tonight I know exactly what you'll do
But come tomorrow I will still be just your fool
