

On the Side of Life

Peterside Ottong

ON THE SIDE OF LIFE

Another day is here
I'm still tossed about
Another day is here for me
My house still no life

No life (ouuhh) - X6

Hour by hour the day is closing
Still no life
No life - X5

It's like another hopeless day for me
(my God!)
No life (ouuhh) - X8

Always like this for me
Can't find no explanation
No life - X6

Every day I'm on hook
Night and day (hmm)
High grain uhh
See no life
No life (ouuhh)-X10

Oh Jah when the next morning come
I wanna wake up - X3
On the side of life
And make up for the loss of life
I wanna wake up - x3
On the path of life
And make up for the loss of life
I wanna wake up - X2
On the path of life
And make up (I wanna wake up)
For the loss of life
I wanna wake up - X2

On the side of life

I wanna wake up another day is here - X4

I wanna wake up on the side of life
I wanna wake up, another day is here
