

Leaving It Behind

Anathema

Tonight, let go
Let go of everything, inside desire said so
We'll make everything inside alive
Cause I am leaving it behind
Stop feeling dead inside tonight
Cause I'm leaving it behind
Stop feeling satisfied inside The lies, they know
They know every little thing, inside
But I said no
And I'll make everything inside alright
Cause I am leaving it behind
Stop feeling dead inside tonight
Cause I'm leaving it behind
Stop feeling satisfied inside
Tonight, let go
Let go of everything, inside desire said so
We'll make everything inside alive
Cause I am leaving it behind
Stop feeling dead inside tonight
Cause I'm leaving it behind
Stop feeling satisfied inside
