## The Highwaymen

Listen to my song.  
And if you want to sing along,  
Its about where I belong,  
Texas.Sometimes far into the night,  
And until the morning light,  
I pray with all my might,  
To be in Texas.Its where I want to be,  
The only place for me,  
Where my spirit can be free,  
Texas.It's where I want to be,  
The only place for me,  
Where my spirit can be free,  
Texas.  
Listen to my song.  
And if you want to sing along,  
Its about where I belong,  
Texas.
