

Goodbye

Hootie & The Blowfish

Tomorrow used to be a day away
Now love is gone and you're into someone far away
I never thought the day would come
When I would see his hand, not mine
Holding onto yours because I could not find the time And now I can't deny nothing lasts forever
But I don't want to leave
And I see the tear drops in your eyes
I don't want to live to see the day we say, "Goodbye" Now there comes another part of life that I call alone
Sitting at a bar with Chris
And I can't leave 'cause my house ain't no home, no
I just wanna touch you girl, I wanna feel you close to me
Without your love I would give up now
And walk away so easily So maybe while we're young
We'll figure out together
That even with the pain, there's a remedy and we'll be all right
I don't want to live to see the day we say, "Goodbye" When I first met you I couldn't love anyone
But you stole my dreams and you made me see
That I can walk under the sun and I can still be me
And now I can't deny Nothing lasts forever but I don't want to leave
But I don't want to leave and see the teardrops in your eyes
So baby while we're young let's figure out together
That even with the pain there's a remedy and we'll be all right
I don't want to live to see the day we say "Goodbye"
We say, "Goodbye", oh goodbye, goodbye
