

Goodbye

Tevin Campbell

Here we go
5000
Say, lady, can I ask you why
You're treating me
Like a step child
With a future not so bright I thought you said
You would never be that way to me
You said you'd never leave me
For the rest of my life And I believed you
All the times you said to me
Baby, you're always
On my mind I don't believe you
So save those words you said to me
And I'll be on my way
I've got to say goodbye, baby You didn't want my love
That's what starts the pain, baby
You didn't need my love
I think that's your game Goodbye, goodbye
You'd never be that way to me
Goodbye, goodbye
I've gotta love
That you will never see, hey I guess you thought you had
Me strung out on your love
Simply because you're
Oh, so fine It takes more than looks
To steal my heart away from me
So I'm sorry, baby
The joke's on you this time You didn't want my love
You didn't want my love
That's what starts the pain
That's what starts the pain You didn't want my love
You didn't want my love
I think that's your game Goodbye, goodbye
I've got to say goodbye
I've got a love
That you will never see Here we go
I'm on a rampage
This is my stage
'Cause I'm the T to the E

To the V to the I to the N
That's where it starts, here we go Goodbye, goodbye
I've got to say goodbye
Goodbye, goodbye
You'd never be that way to me Goodbye, goodbye
I've got to say goodbye to you now, baby
Goodbye, goodbye
I've got a love
That you will never see
