

# Still Love Remains

## Seal

How will I stand if you turn out the light  
That shines over me? That shines over me  
And how will I live if you take all the give  
That you have for me? That you have for me Without so madly  
Without so fast  
Yet still we remain How will I love if you take all the life  
From out of me? Right from out of me  
Tell me, how will I live if you take all the give  
That you give to me? We burned so brightly  
Love so fast  
Yet still we remain Ohh, 'cause we'll live  
And we give today I, yeah  
But don'tcha know?  
You know, you know  
You know, I know, you know And I said, I, yeah  
Now, don'tcha know?  
You know, you know  
You know, I know, you know And I said, I, yeah  
Now, don'tcha know  
You know, you know  
You know, I know, you know Tell me, how will I live  
With anyone but you, babe?  
Anyone but you, babe  
With anyone but you  
With anyone but you  
With anyone but you
