Day26

[Jermaine Dupri:]
Uh, uh Puff you said you wanna dance
Put ya put ya hands up
Pour some more drink in your cup and pass what that is that you smoking on c'mon

[Brian:]
Now girl just looking at ya
Makes me wanna save ya
Let me do you a favor, be minor to your major
Straight shoot it right to ya
Just so I can show ya
If you need a shoulder, girl I can be there for ya

[Que:]
What you got for me (hey hey)
It's alright
Girl I'm trying to see (hey hey) what it's like (hey) And I been thinking 'bout it all night
And it's crazy that I feel like
I need it and it ain't right, how you got me high

[Chorus: x4]

[Will:]
She got it and she knows it

Got me so perplexed, thinking I should be her boyfriend
Let's get right down to business
Show you how I'm living
Girl I'm trying to get closer
So I can entertain it

[Robert:]
What you got for (hey hey)
It's alright (ooh yeah)
Girl I'm trying to see (hey hey) what it's like (hey) I been thinking 'bout it all night
And it's crazy that I feel like
I need it and it ain't right, hoe you got me high

[Chorus x4]

[Jermaine Dupri:]
Put ya put ya hands up
Pour some more drink in your cup
And pass what that is that you smoking on, c'mon
Put ya puta hands up
Pour some more drink in your cup
And pass what that is that you smoking on, c'mon

[Bridge:]
Hella sexy head to toe
Looking like she could be a super model
I'm taking her with me, so I can turn her on
Get her alone and make it know
She can have anything she want
Cause I need it

[Chorus]
