## For You

## **Staind**

To my mother, to my father It's your son or it's your daughter Are my screams loud enough for you to hear me Should I turn this up for you? I sit here locked inside my head Remembering everything you've said The silence gets us nowhere Gets us nowhere way too fastThe silence is what kills me I need someone here to help me But you don't know how to listen And let me make my decisionsI sit here locked inside my head Remembering everything you've said The silence gets us nowhere Gets us nowhere way too fastAll your insults and your curses Make me feel like I'm not a person And I feel like I am nothing But you made me, so do something 'Cause I'm \*\*\* up because you are Need attention, attention you couldn't give'Cause I sit here locked inside my head Remembering everything you've said The silence gets us nowhere Gets us nowhere way too fastI sit here locked inside my head Remembering everything you've said The silence gets us nowhere Gets us nowhere way too fast
