Springtheme

Ween

Good morning my love
The skies are clearing up today
Can I kiss you on the boob
Like I did yesterday?You let me in
You let me sin
You made me cry
You got me highCan I touch you in the nude?
You lookin' really good in bed
How come you ain't talkin'
Like we was yesterday?You let me in
You let me sin
You made me cry
You got me highWake up little wakeup
Got somethin' new to say
Don't move a muscle
I'm gettin' dressed and I can't stayOh, you let me in
You let me sin
You made me cry
You got me highYou let me in
You got me high
Got me high
Got me high, high, highGood morning love
Good morning my love
