# Rain

## The Ben Taylor Band

Rain, your powers are astounding
When I lift this shell to my ear
I can hear your voice crying out
Rain, your magic's all around me
When you bring the heavens down
I can fly until I dry outMaybe I'm only dreaming
Maybe I'm only foolish
Maybe I'm only deceiving myself
And I'm not really ready to do thisRain, come down upon my ceiling
Wash my sorrow for me until I find some sleep
Jay, come haunt me while I'm healing
Remind tomorrow for me so I can get some peaceMaybe I'm only dreaming
Maybe I'm only foolish
Maybe I'm only deceiving myself
And I'm not really ready to do thisRain, your voice is like the water
Wash your wisdom on me
Until my mind is free I can see
All you have to do is to believeMaybe I'm only dreaming
Maybe I'm only foolish
Maybe I'm only deceiving myself
And I'm not really ready to do this
