He's Still God

Lori Green

I didn't come to tell you that everything's gonna be alright
I didn't come to tell you that you'd have victory without a fight. No.
I just came to let you know that Jehovah-Jireh is still on the throne
It doesn't matter what you're going through, He's still God

It doesn't matter what you're going through, He's still God
It doesn't matter what you're going through, He's still God
If you're sick in your body, or you have bad news
Just know that God will be there for you
It doesn't matter what you're going through, He's still God

Let me tell you a story about three men cast in a fire
Shadrach, Meshach and Abednego wouldn't worship the king's idol
They said "Be it known, oh king, we will go through anything
It doesn't matter what you're going through, He's still God

I've got another story to tell about Paul and Silas thrown in jail
They were beaten and they were bound, but no complaining would be found
They began to sing God's praise and the earth began to shake
It didn't matter what they were going through, He's still God
