Yes all we care about is dem party
Keeping them good vibes good vibes in the air nowSing along now!
I put that rock in ya body now
Bounce all night
Keep them guns outta di club
Dei killin dis vibe
Throw it up for the party I
Make'em feel good
Goes out to every club, city and hood now
Put that rock in ya body now yeah
Ooh oh
Just keep on rockin and don't take it easy
You all gots to get out of the club if you don't feel me
We give it up, ah
Ain't no stopping
Everyone up in the club is down with this rockingAnd that's how it is now
You better get on da dance floor now
Get on that riddim now
