

Every Angel (Demo)

All About Eve

On our own trip
On our emerald ship we sail away
The ocean holds a thousand tales untold
With this love
It's easy come and easy go
Just like the way we were
Before the fallI don't see the reason why
Every angel must fly
I'm betrayed by the tear in my eye
In my eyeHey angel
Don't be afraid to earth your heart
When I see love descending like a dove
Confusion, the song you hear the blackbird sing
You fly to the sun
And you're going to burn your wingsYou're flying too high
Just see the reason why
The angel must fly
No more tears in my eye
We can live in the sky
High
