

# Clumsy Card House

## Blue October

By the way  
By your side I'll stay  
If that's okay  
Then by your side I'll stay forever Here I am standing up  
Because I want to fall in love with you A sunless day  
It was a clumsy card house rape  
If that's okay  
Then by your side I'll stay forever Here I am standing up  
To say I want to fall in love, Forever Here I am standing up  
To say that I want to fall All our kids will play  
A sunless day  
The rain will come  
The rain always brings our heroes  
All our kids could play  
A sunless day  
The rain will come  
The rain always brings our heroes Believe in heroes By the way  
By your side I'll stay  
If that's okay  
Then by your side I'll stay forever  
ya, i said forever!
