

Electric Bloom (Futuristic Prince Remix)

Foals

This is a warning shot, your final call
An empty morgue with gurning hearts and hollowed crowns
And all I see is marching bands
Marching bands which never rest in broken stands
Butcher birds with useless throats
We're not safe of dying kings with plastic knives[Chorus]
It's just another hospital
It's just another, it's just another Captains made with metal tags
Flags brought down of hollowed crowns
It's everything without a time?
It's just a, it's just a[Chorus]
