Pattern up, flip this money then we stack it up,
Burning bridges n****s acting up,
She on my body like i'm tatted up,
I ain't seen nobody bad as her,
I ain't seen no body bad as hers,
I'ma get this money i'ma grab it up,
I've been stacking, i've been stacking,
Just wait till I pattern up (x2)

Verse 1:
Ugh, mandem, pull this up it's your anthem
For the D boys and them scammers
All the women tell me i'm handsome
Sexy girl with no manners
You gotta show me all of your talents
If your girl is cute, then go grab a toot
Because life is all about challenge ugh
Life is all about symmetry,
You nah like this one
I don't give a d
I was raised where the drillers be
Now they feel me all the way in Italy
She travel just to get the missionary
I bet your misses still misses me
I bet them n****s still mimic me
Stole my pattern, they just mini me's

Chorus:
Pattern up, flip this money then we stack it up
Burning bridges n****s acting up,
She on my body like i'm tatted up
I ain't seen nobody bad as her,
I ain't seen no body bad as hers,
I'ma get this money,
I'ma grab it up,
I've been stacking, I've been stacking
Just wait till i pattern up

Verse 2:

I was told to go harder,
Single mum with no father,
Everyday there's more drama,
But we pattern up with no barber,
Used to phone Bianca no answer,
Now i'm getting all these shots with no armour,
There was Pamela, now there's Angela,
Cause my stamina like Mo Farah
I pree'd it all these n****s nothing like me,
Motherfucking ice age aye
We just living life,
All we do is grind
Till there's Bentley's in the driveway

Chorus:
Pattern up, flip this money then we stack it up
Burning bridges n****s acting up,
She on my body like i'm tatted up,
I ain't seen nobody bad as her,
I ain't seen no body bad as hers,
I'ma get this money i'ma grab it up,
I've been stacking, I've been stacking,
Just wait till I pattern up (x2)
