

# Almost Forgot Myself

## Doves

So close  
You're wasted again  
I know, somehow  
I lost myself again You're making me high again  
I almost forgot myself again  
It hits me so hard  
It kills me again, today So close  
Yet, you're wasted again  
I know, somehow, aah  
We'll find ourselves  
I don't know, I don't know Then we'll be high again  
I almost forgot myself there  
It hits you so hard  
An' kills again, aah Ooh, la, la, la  
Ooh, la, la, la, la I almost forgot myself again  
I almost forgot myself there  
It's hitting me hard  
An' moves me again, again, again
