

# Nothing Matters When We're Dancing

## The Antlers

Dance with me my old friend, once before we go  
Let's pretend this song won't end  
And we never have to go home  
And we'll dance among the chandeliers And nothing matters when we're dancing  
In tat or tatters you're entrancing  
Be we in Paris or in Lansing  
Nothing matters when we're dancing You've never been more beautiful  
Your eyes like two full moons  
As here in this poor old dance hall  
Among the dreadful tunes  
The awful songs we don't even hear And nothing matters when we're dancing  
In tat or tatters you're entrancing  
Be we in Paris or in Lansing  
Nothing matters when we're dancing And nothing matters when we're dancing  
In tat or tatters you're entrancing  
Be we in Paris or in Lansing  
Nothing matters when we're dancing  
Nothing matters when we're dancing
