

# Taste It

## De Staat

Here we go  
Ay yo, ladies where you at, c'mon c'mon  
Ladies where you at, c'mon c'mon  
You ready to freak out ladies?  
Yeah, soldiers  
We 'bout to line it up just right  
Check it, watch how we do it  
Make way for the kid to come in girl  
And let me rock 'cause I love the way you pop that, c'mon  
Every single time we come to drop that  
A lot of freaky women react to a nigga hot track, lets go  
Then we start to cook up the place  
Women watching the nigga  
With the ready to do the look on their face, c'mon  
Freak nasty, you know the way you do it all on the guard  
And the way you love to speak nasty, another freak pass me  
Floss on, in the club ain't even got the draws on  
You messing with a nigga better, stop that shit mama  
In other words you better watch that shit 'cause you got that shit  
The way your ass sit up all on your back  
It's like you need to go shop that, see niggas would cock that  
And definitely won't waste it  
And while you at it take a lick and just taste it  
Baby tell me why tell me so  
I'd like you to go high, you tell me to go low  
So I go low, taste the shit, taste it again, I like it  
Baby tell me why tell me so  
I'd like you to go high, you tell me to go low  
So I go low, taste the shit, taste it again, I like it  
Listen, cut the last courvoisier bottle down the at bar  
See a chick that kinda look like a star  
And I'm saying even though I wanna to take you home girl  
I know it's kinda late but you ain't got to come along girl  
Wait a sec you know I know a song girl  
Me and you and one of your other home girls  
Let me put it down and we started to bone girl  
The other had a heat, "I thought ya'll be gettin' along girl?"  
Just put the pep in your step, what's with all the emotional shit?  
You know we be swingin' a hep

Put it on me like I wouldn't recover  
Saying two chicks that was beefin' and touching and feeling each other  
Word to mother, now we having a ball  
The way we knockin' as the sound of the bed head smackin' the wall  
Baby I'm saying I lovin' how you rubbin'  
And the way that you lace it and rush it when you gettin' ready to taste it  
Baby I love it, the way you rub it  
And the way you lace it and rush it when you gettin' ready to taste it  
Baby tell me why tell me so  
I'd like you to go high, you tell me to go low  
So I go low, taste the shit, taste it again, I like it  
Baby tell me why tell me so  
I'd like you to go high, you tell me to go low  
So I go low, taste the shit, taste it again, I like it  
Girl I know you wanna  
Yeah, I like it, I love the way you always get down and  
Ladies, if you want your man to get down and  
Just throw your hands in the air, fella's just make it do it too  
Now you can both do it  
Shorty hit me all on the two-way  
Tell me to meet her way in the back  
By the couches up inside the cheetah  
Then I step up in the club keep it moving wit' my hand on my heater  
Stay alert and never moving the sleeper  
Even though this shit was way off the meter  
Couldn't believe her  
Shorty buggin' and giving me head in back of the speaker  
Now check it, I love the way she step to it and how she's keepin' it basic  
And always be ready to taste it  
Baby tell me why tell me so  
I'd like you to go high, you tell me to go low  
So I go low, taste the shit, taste it again, I like it  
Baby tell me why tell me so  
I'd like you to go high, you tell me to go low  
So I go low, taste the shit, taste it again, I like it
