Advisory - the following lyrics contain explicit language:

Sunspots cast a glare in my eyes
Sometimes I forget I'm alive
I feel it coming and I've gotta get out of its way
I hear it calling and I come 'cause I can't disobey
I should not listen and I shouldn't believe but I do
Yes, I doShe turns me on
She makes it real
I have to apologize
For the way I feelMy life, it seems has taken a turn
Why in the name of God would I ever want to return?
Peel off our skin we're gonna burn what we were to the ground
Fuck in the fire and we'll spread all the ashes around
I wanna kill away the rest of what's left
And I do, yes I doShe turns me on
She makes it real
I have to apologize
For the way I feelAnd nothing can stop me now
There is nothing to fear
And everything that ever was
Is inside of hereWoah woah woah woah
Inside us hereNow I just stare into the sun
And I see everything I've done
I think I could have been someone
But I can't stop what has begunWhen everything is said and done
And there is no place left to run
I think I used to be someone
Now I just stare into the sun
