

The Truth Is Fucked

Division of Laura Lee

Well, I got my self a secret home
Far beyond the walls of what you may own
I got my self a secret place
Another fucking waste for the human race Did you got me all wrong?
'Cause I had it for long, yeah
It's never that easy I never had, I never got, I never felt, I never thought
I never blamed myself 'cause the truth is fucked
I don't like, I don't think, I don't make, I don't bring
I don't feel a shit 'cause the truth is fucked So what did I do to make you believe
I'm nothing like you Well I got my self a secret home
Far beyond the walls of what you may own
I got my self a secret place
Another fucking waste for the human race 'Cause the truth is fucked
'Cause the truth is fucked
'Cause the truth is fucked
'Cause the truth is fucked I never had, I never got, I never felt, I never thought
I never blamed myself 'cause the truth is fucked
I never learn, I never cared, I never shared, I never feared
I never blamed myself 'cause the truth is fucked I don't like, I don't think, I don't make, I don't bring
I don't feel a shit 'cause the truth is fucked So what did I do to make you believe
I'm nothing like you, yeah 'Cause the truth is fucked
'Cause the truth is fucked
'Cause the truth is fucked
'Cause the truth is fucked 'Cause the truth is fucked
'Cause the truth is fucked
'Cause the truth is fucked
'Cause the truth is fucked
