

# Can I Overcome

## H2O

Can I overcome these things I'm feeling  
A coldness deep inside  
The violence, the loss of friends  
It's got me desensitized Why in the world, does the world keep trying me?  
I'll try  
Don't wanna hear all the hurt, I don't want to see  
Why can't you see? Sometimes I feel numb, I can't feel no pain  
Can I overcome things I can't explain  
And I still want to try to trust again  
But I just can't believe The things I read  
I just wanna close my eyes  
The TV news gets me confused  
So now I'm paralyzed Why in the world, does the world keep trying me?  
I'll try  
Don't wanna hear all the hurt, I don't want to see  
Why can't you see? Sometimes I feel numb, I can't feel no pain  
Can I overcome things I can't explain Sometimes I feel numb, I can't feel no pain  
Can I overcome things I can't explain  
And I can't close my eyes  
Pretending not to see what I've become Can I overcome  
Can I overcome  
Can I overcome
