Alone(ë‚˜ì¼ìž•)

Sistar(ì”¨ìŠ¤íƒ€)

English Translation:
Whoo Whoo Whoo Whoo (I dont wanna cry)
Whoo Whoo Whoo Whoo (Please dry my eyes)
Whoo Whoo Whoo Whoo (Im fallin down)
Whoo Whoo Whoo Whoo (Without you Im fallin down)
So many memories, I wonder what you do
Im still like this, thinking you might come back
Im never like this
Ive never been like this
Love is so potent, I must have not sobered up yet
Fell for your so sweet words
Now alone, Im falling down Im falling down
I shouldnt have met you
I didnt know it would turn out like this
Are we over this easily?
Why am i eating alone again?
Watching movie alone
Singing alone and I cry and cry
Youre gone, regrets are useless
Alone again today
Whoo Whoo Whoo Whoo Whoo Whoo Whoo Whoo
I walk alone, watch TV alone
I get drunk alone, cry and cry like this everyday
Love was sweet, under the shade of breakup
I cant fall asleep again tonight
Whoo Whoo Whoo Whoo Whoo Whoo Whoo Whoo
Dont tell me its over
Hug me, who are you to do this to me
Oh ma boy (Whoo whoo whoo)
I stay up all night crying again
Fell for your so sweet words
Now alone, Im falling down Im falling down
I shouldnt have met you
I didnt know it would turn out like this
Are we over this easily?
Why am i eating alone again?
Watching movie alone
Singing alone and I cry and cry
Youre gone, regrets are useless

Alone again today
Whoo Whoo Whoo Whoo Whoo Whoo Whoo Whoo
I walk alone, watch TV alone
I get drunk alone, cry and cry like this everyday
Love was sweet, under the shade of breakup
I cant fall asleep again tonight
Whoo Whoo Whoo Whoo Whoo Whoo Whoo Whoo
I fell for your frequent cliche lie again
You played with me, who was possessed by your cheap smile
What can I do now? Stuck alone in longing
My heart that you have abandoned feels so hollow, it feels like an abandoned empty street
Whoo Whoo Whoo Whoo (I dont wanna cry)
Whoo Whoo Whoo Whoo (Please dry my eyes)
Whoo Whoo Whoo Whoo (Im fallin down)
Whoo Whoo Whoo Whoo (Without you Im fallin down)
