Baby Don't Cry

U-KISS

Lyrics:bosson, music: bosson, lira, gustafsson
(say you won't cry, say you won't cry over me)
Baby don't cry over me, save your love
Baby don't cry over me, don't want you to live like that
Baby, help yourself stop living in a lie, ahh
Lady, it's your life 'till the moment that you die, ahh
I won, I won, I wonder 'bout tender lovin' to me
They say, they say, to stay away from me
I know, I know, I know I do the right thing
Chorus:
Baby don't cry over me, save your love
Baby don't cry over me, don't want you to live like that
You're all alone, yeah
You're all alone, don't want you to live like that

Baby, just for you I'm givin' it a try, ahh
Lady, seems to be a definite goodbye, ahh
2 pe, 2 pe, 2 people out on the unsafe ice
U see, u see, u seem to keep your lies
Our me, our me, our memories will delight our life
You'll be, you'll be forever in my mind...
Chorus
Don't talk about, forget about
Don't talk about
Things go up, and things go down
Say you won't cry and I'll sing to you now
Things go up, and things go down
Say you won't cry and I'll sing to you now
Chorus
