

# Black Coal

## Sanctus Real

Advisory - the following lyrics contain explicit language:

Do you believe in the  
Restoration of a broken life  
Hiding behind a face, yeah  
You never know what you might find There in the darkness beneath the surface  
Of time and space  
Could be a treasure that you'd only see  
Through the eyes of grace Looking for a diamond in the black coal  
It feels good when you strike gold  
Diamond in the black coal  
If you never look then you're never gonna know Well, it's so sad when something so radiant  
Is kept from the light  
'Cause I've seen divine transformation  
That Jesus provides  
And like a jeweler with a lifeless gemstone  
He can make you shine You could be a diamond in the black coal  
It feels good when you strike gold  
Diamond in the black coal  
You gotta look or you're never gonna know Precious diamonds, brilliant shining  
It's not always what you see  
A good heart is just like a Diamond in the black coal  
It feels good when you strike gold  
Diamond in the black coal  
You gotta look or you're never gonna know Diamond in the black coal  
Diamond in the black coal  
Diamond in the black coal  
You gotta look or you're never gonna know Diamond in the black coal  
Diamond in the black coal  
Diamond in the black coal
