Broken

Evan Taubenfeld

Feeling so alone
Just want to know
Why every day is just so hard on meToday was the worst day of my life
Living a lie
Torn apart all inside
I can't not, find out what I needWell today was the worst day of my life
Because I'm broken broken again
Broken broken again again yeah
Broken broken again
Broken brokenStuck in a dark dark place
Can't last another day
I hope this is just another dreamWell today was the worst day of my life
Because I'm broken broken again
Broken broken again again yeah
Broken broken again
Broken broken again
Well today was the worst day of my life
Well today was the worst day of my life
Because I'm broken broken again
Broken broken again again yeah
Broken broken again
Broken broken yeah
