

The Cross (Acoustic)

Within Temptation

Nothing's ever changed, you still turn away
You've washed your hands, you've made that all too clear
You just keep on living this lie You refuse to see, you're denying me
The cross I bear but you don't seem to care
Even Judas knew he had lied I keep wondering why
I'm still calling your name through my tears Why have you waited to embrace me my dear?
Cold is your silence, denying what is real
I'm still wondering why
I'm still calling your name my dear I'm sorry if you can't stand the naked truth
All you see is how you want it to be
So you keep on living your life Release me from this cross after all these years
Oh call my name and help me with this weight
Even though it comes far too late I keep wondering why
I'm still calling your name through my tears Why have you waited to embrace me my dear
Cold is your silence, denying what is real
I'm still wondering why I'm still calling your name
And I wonder, oh I wonder In my heart I still hope you will open the door
You can purify it all, answer my call Why? Why? Why have you waited to embrace me my dear?
Cold is your silence, denying what is real
I'm still wondering why I'm still calling your name
And I wonder, oh I wonder In my heart I still hope you will open the door
You can purify it all, answer my call
