Gemstones

Advisory - the following lyrics contain explicit language:

Gemstones crackin'
'Cuz were just too strong
Drum-sized yearning'
'Cuz the pressures goneSupervised love
Crucified stuvs
Simmering red
In the sex farm clubsTheres an exit
To this desert
Dingling freely
From the shingles in the snowShes a show off
Xanex Zoloft
Blank faced footprints
Of the zebras in the glenCavemen humping
In the sterling space pod
Drumstick pumpkin
In the Starbucks courtyardGigolos dance
Stepping on toes
Benedryl nights
In the O K holesTheres an exit
To this desert
Dingling freely
From the shingles in the snowShes a show off
Xanex Zoloft
Blank faced footprints
Of the zebras in the glenLets break into
The labrynth of lies
Lets dive off the
End of his eyesHollywood hills
Peppermint bills
I can still taste the grime
That you stuffed in my gillsOh Johnny, cant you set
A place for Holly?

Shes a wild one
Shell be staying for a spellTill they find her
And they drag her
Down to Barcelona
Down to BarcelonaIm a very funny boy
But I know what I just
Said, cha cha chaDunkin' donuts
Give me dunkin' donuts
Shes a very funny girl
But I love that crazy bitch alright
