

Night Life

NC Wolfpack

I was a young girl
Knew next to nothing
Living in the suburbs
And my heart was lusting
 For a new way
 And a new sound
Crawled over my hang-ups
 In the underground
 I had a break through
 I had to shake you
You could've come too
To see my point of view
We got a breakthrough
 It was my debut
 It didn't faze you
But it meant something to me
Night life, beneath the surface
Night life, some say it's worthless
 High life, instead of being
Inside, it's a song you're singing
 Night life, if there's no spirit
 Night life, then don't go near it
 Night life, to have it over
Inside, you can find your life in the night life
 If you are feeling
 Like you don't have nothing
 Under pressure in the cooker
 With your head in the oven
 There's a new way
 So come on down
 Life ain't never really over
 When you're underground
 You need a breakthrough
 You need to make do
 You need to come to
 A brand new point of view
 You need to break through
 And then get wise too
 Our love is taboo

And you'll be something to see
Night life, beneath the surface
Night life, some say it's worthless
 High life, instead of being
 Inside, it's a song you're singing
 Night life, it's a heart you're racing
 Night life, it's a billion daisies
 Night life, it's the cash your making
Inside, you can find your life in the night life
 It's beneath the surface
 Some say it's worthless
 It's a low gut feeling
 It's the rush you're feeling
 You can beg your spirit
 If you let that leave it
 It's the back you're breaking
Are you ready for the night life
 Night life, night life
 Night life, love life, inside
Find your way to hide in the night life
 (Night life, night life, night life)
 You can find a life in the night life
 (Night life, love life, inside)
Find your way to hide in the night life
 You can find a life in the night life
