

Forever

The Explorers Club

She's the kind of girl who's in my thoughts, all night.
And she's the kind of girl who makes your wrongs, all right.
But she'll never know how I feel deep inside
Everytime that I think of her I cry

She's the kind of girl who brings a love so true
and it's the kind of love that makes me feel so blue
Cause she'll never know how I feel deep inside
Everytime that I think of her I cry

We could last forever
But baby don't you cry
We could last forever
But baby don't you cry
We could last forever
But baby don't you cry
