Intuition

Jascha

I'm just a simple girl
In a high tech digital world
I really try to understand
All the powers that rule this land
They say Miss J's big butt is boss
Kate Moss can't find a job
In a world of post modern fad
What was good now is bad

It's not hard to understand
Just follow this simple plan

[Chorus]
Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your Intuition
It's easy to find
Just follow your heart baby

You look at me
but you're not quite sure
Am I it or could you get more?
You learn cool from magazines
You learn love from Charlie Sheen

If you want me let me know
I promise I won't say no

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your Intuition
It's easy to find
Just follow your heart baby

You got something that you want me to sell
Sell your sin. Just cash in.

You got something that you want me to tell
You'll love me. Wait and see.

If you want me
Don't play games
I promise
it won't be in vain
Uh-uh-uh

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your Intuition
It's easy to find
Just follow your heart baby

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your Intuition
It's easy to find
Just follow your heart baby

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your Intuition
It's easy to find
Just follow your heart baby

Follow your heart
Your intuition
It will lead you in the right direction
Let go of your mind
Your Intuition
It's easy to find
Just follow your heart baby

Follow your heart
Your intuition
It will lead you in the right direction
