

# Why Is It

Tommy Lee

Why do we always feel so bad, so bad  
We never know what we have, we have

No more time to waste  
Get me off this chase  
No more, no more time to waste  
Tell me  
Why is it that we just ain't satisfied  
Why is it that we don't even know why, know why  
Why is it every time we're terrified we run and hide, crawl inside  
Why is it that we just ain't satisfied

We never seem to find what we're looking for, looking for  
It's never enough, the things we have, we ignore  
No more time to waste  
This can't, be like yesterday  
No more, no more time to waste  
Tell me  
Why is it that we just ain't satisfied  
Why is it that we don't even know why, know why  
Why is it every time we're terrified we run an hide, crawl inside  
Why is it that we just ain't satisfied

Tell me  
Why is it that we just ain't satisfied  
Why is it that we don't even know why, know why  
Why is it every time we're terrified we run an hide, crawl inside  
Why is it that we just ain't satisfied
