

Something More

[Ryan Malcolm](#)

Mmmmm

I don't think that I could tell you what this means to me
Here I am, so hard to believe
That I'm standing here
That I've come this far
But you always said have faith in who you are

I want to take this time to thank you for the love you gave
And from this moment, you've got to know

I' never wanted something more
And I've never felt so sure
Cause now Iâ€™ve gotten this chance to be
Everything you saw in me
And even more
Than I ever dreamed before
As long as you are here with me
I know that I can be something more

Lookin' back now its so clear to me
That you were sent to share my destiny
There were times when I was ready to walk away
But you gave me strength to face another day

I want to take this time to thank you for the love you gave
And from this moment you've got to know

I've never wanted something more
And I've never felt so sure
Cause now I've gotten this chance to be
Everything you saw in me
And even more
Than I ever dreamed before
As long as you are here with me
I know that I can be something more

I'm reaching for the sky
Won't let this chance go by

I've waited all my life for something more

Now's the time you're gonna see
From this moment you've got to know

I've never wanted something more
And I've never felt so sure
Cause now I've got this chance to be
Everything you saw in me
And even more
Than I ever dreamed before
As long as you are here with me
You know that I can be something more
Woah
You made me want to be something more
