Broken

Blue

(Anthony)
If I caught you a star,
Would you love me the way you used to?
And if I brought you the sun,
Would you smile once again?
Cos when I gave you my heart,
I didn't know it will be yours forever,
And if I could go back in time,
I'd have no regrets,
I'll be a fool for you,
(Lee)
All of the words I was dying to say,
Never came out the right way,
I'm looking for something I'll never replace,
You are the reason, the reason that I
(Chorus)
I pick up the pieces of my heart
Girl, every moment we're apart,
The pain's endless
I can't mend this broken, broken, broken, broken heart
(Duncan)
If you could read my thoughts,
You would see I never meant to lose you,

And if you could feel my heart,
Then you would know, just how it beats for you
(Lee)
All of the words I was dying to say,
Never came out the right way,
I'm looking for something that I'll never replace,
You are the reason, the reason that I
(Chorus x2)
Pick up the pieces of my heart
Girl, every moment we're apart,
The pain's endless
I can't mend this broken, broken, broken, broken heart
(Lee)
I'm trying to pick up the pieces I couldn't see
Tears tolling down falling from me

But I made a promise of you that I used to used to make me complete
Cos now I
(Chorus x2)
Pick up the pieces of my heart
Girl, every moment we're apart,
The pain's endless
I can't mend this broken, broken, broken, broken heart
