

Beach Shack

Elvis Presley & The Jordanaires

When you're through swimming
I'll dry your back
Come and relax girl
In my little beach shackDum-di-dum-di-dum, yeah-yeah-yeah
There'll be nothing you'll lack
It's a pleasure to welcome you
In my little beach shackIn my beach shack
Baby we'll be alone
In my beach shack
I'll make you feel at homeTake off that wet cap
Let down your hair
Come to my beach shack
You'll be comfortable there
Dum-di-dum-di-dum, yeah-yeah-yeah
Be my guest, have a snack
See how nice I feed company
In my little beach shackIn my beach shack
Baby we'll be alone
In my beach shack
I'll make you feel at homeCome see my etchings
I wish you would
Don't be afraid girl
My intentions are good, you believe me nowdum-di-dum-di-dum, yeah-yeah-yeah
I know girls by the pack
There's no one I want there but you
In my little beach shack
In my beach shack
Baby we'll be alone
In my beach shack
I'll make you feel at homeIn my little beach shack
