Seen It All

Jake Bugg

One Friday night I took a pill or maybe two,
Down at the car park,
I saw everyone I knew.
And before the night had started,
We had planned to crash a party,
Just a place that someone knew,
A local house belonging to a gangster's crew.And at the door they shone a light into my face,
Have to admit I felt a little out of place.
But I made my way inside,
Past a thousand crazy eyes,
Then a friend took me aside,
Said "Everyone here has a knife".I've seen it all, I've seen it all now.
I swear to god, I've seen it all,
Nothing shocks me anymore, after tonight.Those little doves,
That send my mind and heart a-beating.
To say I felt weird really doesn't need repeating,
I could sense the mounting tension,
The atmosphere of violence.
And then they took a guy outside,
And someone stabbed him with a knife.I've seen it all, I've seen it all now.
I swear to god, I've seen it all,
nothing shocks me anymore after tonight.I've seen it all, I've seen it all now.
I've seen it all, I've seen it all now.
I swear to god, I've seen it all,
Nothing shocks me anymore, after tonight.After tonight, I've seen the light,
But not the kind i would have liked.
