

# Drop For Days

## Blind Mr. Jones

Got to clear my head  
And try something else instead  
Haven't seen a year todayGot to get some sleep  
Haven't seen my bed in days  
Body tells me something's wrongIt's the days I'm afraid of  
    All I believe in  
    All my life I have tried  
    I have triedI need a drink  
    Something strong to help me think  
    Haven't touched a drop in days  
    I don't want to care  
    Want to leave my problems bare  
Having been alone my wayIt's the days I'm afraid of  
    All I believe in  
    All my life I have tried  
    To find what's missingIt's the days I'm afraid of  
    All I believe in  
    All my life I have tried  
    I have triedIt's the days I'm afraid of  
    All I believe in  
    All my life I have tried  
    to find what's missing  
    It's the days I'm afraid of  
    All I believe in  
    All my life I have tried  
    I have tried
