Stop

Limahl

(VERSE 1)
Once again this love affair
Has got me losing sleep
Cause you and I are going nowhere
Youve got me hanging on a string(BRIDGE 1)
Every time I say Im leaving
Youre telling me I have no feeling
Im gonna give you one more chance
Then Im heading for the door(CHORUS)
You better stop
Messing around with my heart
You better stop
Before you tear us apart
You better stop
Messing around with my heart
Before you tear love apart(VERSE 2)
You must change your attitude
If I decide to stay
Tell me wheres the love we entered into
Where is the love we used to make(BRIDGE 2)
I cannot go on pretending
The misery is never ending
Im gonna give you one more chance
Then Im showing you the door(REPEAT CHORUS)
You better stop
Messing around with my heart
You better stop
Before you tear us apart
You better stop
Messing around with my heart
Before you tear love apart(SPOKEN)
Remember its better to have loved and lost
Then never loved at all(REPEAT CHORUS)You better stop
Messing around with my heart
You better stop
Before you tear us apart
You better stop
Messing around with my heart
Before you tear love apart
