

# When We Two Parted (Demo, Recorded At Ultrasuede)

## The Afghan Whigs

Baby, I see you've made yourself all sick again  
Didn't I do a good job of pretending?  
You're saying that the victim doesn't want it to end  
Good, I get to dress up and play the assassin again  
It's my favorite, it's got personality I should have seen this shit coming down the hall  
Every night I spent in that bed with you facing the wall  
If I could have only once heard you scream  
To feel you were alive  
Instead of watching you abandoning yourself Baby, you can open your eyes now  
And please allow me to present you with a clue  
If I inflict the pain  
Then baby only I can comfort you, yeah Out of the night we come  
Into the night we go  
If it starts to hurt you  
Then you have to say so Out of the night we come  
Into the night we go  
If it starts to hurt you  
Then you have to say so Out of the night we come  
Into the night we go  
If it starts to hurt you  
Then you have to say so
