Hold Me Now

Minks

Oopsie Daisy I'm losin' my mind
Hold me now, hold me now
Clock on the wall says
I'm out of time
Hold me now, hold me nowI got a reason but
I'm all out of rhyme
Hold me now, hold me now
Sometimes the answers are just so hard to find
Hold me nowWhen my grip on the day
(When my grip on the day)
Started slippin' away
(Started slippin' away)
If I'm gonna fall at all
I'm gonna fall in love with youHere I may go, I'm fallin' again
Hold me now, hold me now
It always happens when your love comes in
Hold me now, hold me nowMy hopes and dreams have been left out in the cold
Hold me now, hold me now
Feels like the world is spinnin' out of control
Hold me nowWhen my grip on the day
(When my grip on the day)
Started slippin' away, yea
(Started slippin' away)
If I'm gonna fall at all
I'm gonna fall in love with youHere I may go I'm fallin' again
Hold me now, hold me now
It all gets better when your love comes in
Hold me nowI'm gonna fall in love with you
(I'm gonna fall)
Here I may go, I'm fallin' again
Hold me now, hold me now
It always happens when your love comes in
Hold me now, hold me nowHere I may go, I'm fallin' again
Hold me now, hold me now
It all gets better when your love comes in
Hold me now, hold me now
Hold me now
