Heart Of Stone

American Authors

Oh now you never come around
And then you're spacing out tonight
I bet I feel it in my chest
The visions in your head they're all lies
Oh ya it's true
Oh ya it's true
Well I
I need a friend tonight
I need to make it right
And now I'm tired of thinking
In spite
I'm always in the right
I never made the time
It's all the smiles I'm faking
Oh yeah it's true
You've got this heart of stone
I'm never breaking through
Feels like a dead end road
So take that any way you want to
You've got this heart of stone
That's keeping me from you
If I break that you hate that so take that any way you want to
Inhale
Another thought fails
Falling off the rails
Tonight
Untamed
A c-c-crazy train
I'm always yours to blame
In your eyes
Shake a shake it off now
Then you're take a taking off now
All around so you can shoot me down I should have gotten out before you started begging
Oh yeah it's true
You've got this heart of stone
I'm never breaking through
Feels like a dead end road
So take that any way you want to
You've got this heart of stone

That's keeping me from you
If I break that you hate that so take that any way you want to
If only I could live a little bit longer
You've got this heart of stone
I'm never breaking through
Feels like a dead end road
So take that any way you want to
You've got this heart of stone
That's keeping me from you
If I break that you hate that so take that any way you want to.
