

# I Wanna Shake Your Hand

## Village People

Don't - don't be shy-y, go up and say hello  
Hello - when you see someone you'd really like to know-ow  
Don't - don't be shy-y, it's all in your address  
Baby, this time things won't turn out such a mess  
You've got to kick (kick) your comfort, you've got to kick (kick) your comfort  
You've got to kick (kick) your comfort, walk up and speak just like the rest  
I wann', I wann', I wann', I wann', I wanna shake your hand  
(I wanna shake your hand) I wanna shake your hand  
(I wanna be your frie-iend) I wanna shake your hand  
(I wanna shake your hand) I wanna shake your hand  
I wann', I wann', I wann', I wann', I wanna shake your hand  
(Hello, how do you do) I wanna shake your hand  
(It's so nice meeting you) I wanna shake your hand  
(I wanna shake your ha-and), I wanna shake your hand (alright)  
Don't - don't be shy-y, why don't you shake my hand

My hand - I know I'm not groove, I can just dema-and  
Don't - don't be shy-y, I know I'm just a man  
Why don't you come up, come up and shake my hand  
You've got to kick (kick) your comfort, you've got to kick (kick) your comfort  
You've got to kick (kick) your comfort, walk up and speak just like the rest  
I wann', I wann', I wann', I wann', I wanna shake your hand  
(I wanna shake your hand) I wanna shake your hand  
(I wanna be your friend) I wanna shake your hand  
(I wanna shake your ha-and) I wanna shake your hand  
I wann', I wann', I wann', I wann', I wanna shake your hand  
(Hello, how do you do) I wanna shake your hand  
(It's so nice meeting you) I wanna shake your hand  
(I wanna shake your hand) I wanna shake your hand (alright)  
Everybo
