The Big If

RKL

If revelation comes to pass,
Death will assure your soul to everlast?
Your want a proof of prophecy,
The end is what they want to see,
Believe in me.
You may well know,
If this is the end,
Of the third world.
And you'll be the last on earth!
But I will be there first.
To push you off the earth!
Ooh!
Ultra violent Christians make decisions,
For the lives of you and I.
Tell me violent Christian Bush,
Did God give you the right to push the last, last one?
You may well know,
That this is the end,
I'll take you with me,
And push you off the earth.
But maybe I'll be laughing first.
To push you off the earth.
You may well know,
That this is the end,
I'll take you with me,
And push you off the earth.
And I'll be laughing first,
