Deborah

Wax Idols

A chariot in white
You came to me on a cloudAnd like the fading light,
Your love only took me downSinking again in deep blue ether
A cruel silence,
My only faithful friendBy now it comes as no surprise
At every beginning I only see the endI can't wait til I forget you exist
And dream of nothing, cuz it feels that way
For now you linger, I feel it fading
Flowers wilting, axis tiltingDeborah in her graveA flash, a blinking eye
Was it all just in my head?But I've no time for a subtle sigh
I'll exorcise your demon til it's deadAnd I can't wait til I forget you exist
And dream of nothing, cuz it feels that wayFor now you linger, I feel it fading
Flowers wilting, axis tiltingDeborah in her graveTell me did you know right from the startThat you were going to break my heartHad you pegged for a gay boy but you were just a playboyStarted as a fan boy, was it all a plan boy?
I can't wait til I forget you exist
And dream of nothing, cuz it feels that way
For now you linger, I feel it fading
Flowers wilting, axis tilting
