

# Questions 67 And 68

## Chicago

Can this feeling that we have together  
Ooh, Suddenly exist between  
Did this meeting of our minds together  
Ooh, Happen just today, somewhere  
I'd like to know,  
Can you tell me please don't tell me  
It really doesn't matter anyhow  
It's just that the thought of us so happy  
Appears in my mind, as a beautifully mysterious thing

Was your image in my mind so deeply  
Was your image in my mind so deeply  
Ooh, other places fade away  
blocking memories of unhappy hours  
Ooh, leavin' just a burnin' love  
I'd like to know,  
I'd like to know,  
Can you tell me please don't tell me  
It really doesn't matter anyhow  
It's just that the thought of us so happy  
Appears in my mind, as a beautifully mysterious thing  
Yes it does now baby

Can this lovin' we have found within us  
Ooh, Suddenly exist between  
Did we somehow try to make it happen  
Ooh, Was it just a natural thing  
I'd like to know,  
Can you tell me please don't tell me  
It really doesn't matter anyhow  
It's just that the thought of us so happy  
Appears in my mind, as a beautifully mysterious thing  
Yes it does now baby
